

SHARING INFORMATION WITH MEDICAID / AHCCCS / KIDSCARE

Dear Parent/Guardian:

If your children get free or reduced price school meals, they may also be able to get free or low-cost health insurance through the Arizona Health Care Cost Containment System (AHCCCS). Children with health insurance are more likely to get regular health care and are less likely to miss school because of sickness.

Because health insurance is so important to a child's well-being **the law allows schools to share information with AHCCCS that your children are eligible for free or reduced price meals.** AHCCCS will only use the information to identify children who may be eligible for their programs.

Filling out the Free and Reduced Price School Meals Application does not automatically enroll your children in health insurance. If you **do not** want to share your information with AHCCCS, fill out the form below and return it to the school.

Sending in this form will not change whether your children get free or reduced price meals.

No! I DO NOT want information from the Free and Reduced Price School Meals Application shared with AHCCCS.

If you checked no, fill out the form below.
